Summer-Care Supply List

Dear Summer-Care Families,

Your child will need the following materials/supplies beginning the first day of Summer Care, June 14th. We hope you will find this list useful as you shop and prepare your family. Unless stated, all supplies will be communal and will not need to have your child's name on them. If you could please write your child's name on the non-communal items listed below, that would be very helpful.

GRM will have a small kitchen on site but will not be providing meals for students. Each child is required to bring a lunch and a snack from home. You are welcome to send a box of snacks with your child to keep at summer-care if you do not want to pack one every day. We will label the snacks and keep them in a designated area for your child to grab during snack time. The kitchen has a microwave and refrigerator, which can be used for lunch and snack items. Please send lunches with an ice pack if it needs to stay cold; we cannot guarantee enough refrigerator space for all lunches.

Communal Items

- Box of colored pencils
- Construction Paper
- Liquid Glue

Individual Items (please label with child's first and last name):

- Backpack
- Travel Folder (can be any color/design)
- Lunch box
- Reusable water bottle
- Sunscreen (in original container and in a ziplock bag)
- Inside shoes (rubber-soled shoes work the best as they protect the bottom of the child's feet and prevent slipping: Crocs, slippers with hard bottoms, tennis shoes, etc.)
- Set of extra clothing in a large ziplock bag appropriate for the current season (top, bottom, socks, unders)
- **Children 4 years old and under:**
 - Rest mat or sleeping bag
 - Blanket, pillow, etc
- **Children 5 years old and older:**
 - Gym shoes (clean bottoms, no outside use)
 - Can be same as inside shoes as long as shoes tie, have grippy bottoms, and keep ankles secure. (Will be running around on a gym floor.)
